ATTEST:

I would like to go on record in opposition of the Memorandum of Understanding Agreement between the County Clerk, County Executive and Loudon County Commission and I , am requesting commission to vote NO with regard to this matter.

According to the Loudon County Procedural Rules, "Record-keeping is one of the most important duties of the County Clerk." Yet, Loudon County Commission is considering transferring this important duty to the County Executive's office and his administrative assistant. If the State Legislature had seen fit to delegate these duties to the County Executive, there would be no reason to elect a County Clerk or any other office holder. It's called a segregation of power. What if the County Executive decides he can do commission's job better, do we then abolish county commission?

The voters elected Mr. Wampler to serve and perform his duties as County Clerk in accordance to state statutes. As you may recall, Mr. Wampler filed a lawsuit a number of years ago to increase the number of personnel in his office. The office of the County Clerk is well funded and well staffed with both full-time and part-time employees. The County Clerk is well compensated by the taxpayers and in my opinion; he needs to perform the duties, which he was elected to do. I am requesting that this be entered into the Minutes of this meeting.
