RESOLUTION

A Resolution endorsing funding for the replacement of the Highway 321 (S.R. 73)/Tennessee River Bridge at Fort Loudoun and construction of the Hwy. 321 (S.R. 73)/Hwy. 11 (S.R. 2) flyover in Loudon County, Tennessee

Whereas, the last but critical element in completing improvements to Hwy. 321 is the construction of a new bridge over Fort Loudoun and flyover at Hwy. 11 in Loudon County; and

Whereas, both projects are identified within the Knoxville Regional Transportation Organization's 2005-2030 Knoxville Regional Long Range Transportation Plan Update, dated March 2006

Whereas, the replacement of the existing bridge, incorporated into the Fort Loudoun TVA Dam, poses both a safety (with the transitioning of 4-lanes to 2-lanes) and homeland security threat to the region and state; and

Whereas, the Hwy. 321 at Hwy. 11 flyover will improve efficiency and safety of the regional highway transportation system; and

Whereas, both projects are ranked locally as the 2 priority transportation projects by the City of Lenoir City, City of Loudon and Loudon County; and

Whereas, the Federal administration is proposing economic stimulus legislation designed to inject capital into necessary infrastructure projects to stimulate the national economy while improving our nation's infrastructure with the States receiving funds for projects that are in a position to be moved to the construction phase in a relatively short time frame.

Now, Therefore, Be It Resolved, that the County Commission of Loudon County, Tennessee recommends that both projects be placed on the **Transportation Improvement Plan** for subsequent stimulus funding allocations given their regional significance and opportunity to encourage economic stimulus of the region.

Be It Finally Resolved, that this Resolution shall take effect immediately the public welfare requiring it.
