 - A. Loudon County Road’s List for 2012

- 8. Loudon County Commissioner – Don Miller**
 - A. Loudon County Tennessee Debt Management Policy Summary

- 9. Loudon County Commissioner – Bob Franke**
 - A. Update on NACO Pharmacy Card Program

10. Loudon County Commissioner – Roy Bledsoe

A. Trash Dumping Along County Roads

11. Loudon County Commissioner – David Meers

A. Notary Applications

12. Loudon County Budget Director – Tracy Blair

A. Budget Committee Recommendations

13. Any other items

14. Adjournment

RESOLUTION

**A RESOLUTION ADOPTED BY THE LOUDON COUNTY COMMISSION
PURSUANT TO TENNESSEE CODE ANNOTATED (TCA) §13-3-406
ACCEPTING SUMMITT HILL DRIVE, BINGHAM HILL LANE, RED HILL
LANE, AND BAXTER BRIGHT ROAD LOCATED IN YELLOWWOOD
SUBDIVISION, PHASE I INTO THE COUNTY ROADWAY SYSTEM, SAID
ROADS BEING LOCATED IN THE 3RD LEGISLATIVE DISTRICT OF
LOUDON COUNTY**

WHEREAS, the chief legislative body of the county has the authority, under Tennessee Code Annotated, TCA § 13-3-406 to accept the dedication of roads, close existing roads, adopt standards for the acceptance of new roads and reopen previously closed or abandoned roads; and

WHEREAS, the Loudon County Regional Planning Commission has approved a final plat for YellowWood Subdivision Phase I on November 21, 2006. The approved final plat recorded in the Loudon County Register's Office in Plat Cabinet G, Slide 341 dedicates four streets with right of way of 50 to 80 feet on each street for public acceptance. The four streets dedicated by this plat are Summitt Hill Drive, Bingham Hill Lane, Red Hill Lane and Baxter Bright Road as shown on the recorded plat; and

WHEREAS, the developer has completed construction of each road in conformance with the minimum standards required by the Subdivision Regulations adopted by the Loudon County Regional Planning Commission; and

WHEREAS, the Loudon County Road Superintendent has inspected the completed roads and recommends the acceptance of the roads as Loudon County Roads;

NOW, THEREFORE, BE IT RESOLVED by the Loudon County Commission, in regular session assembled on this 6th day of February, 2012 that the aforescribed roads and right of ways be accepted as Loudon County Roads.

BE IT FURTHER RESOLVED that this Resolution shall take effect immediately, the public welfare requiring it.

This Resolution adopted _____, 2012

Attest, County Court Clerk

Loudon County Chairman

Approved: Loudon County Mayor

The vote on the question of approval of this Resolution by the Planning Commission is as follows:

APPROVED: 8

DISAPPROVED: 0

Penelope G. McNew

ATTEST: Secretary, Loudon County
Regional Planning Commission

Date: January 17, 2012

MEMORANDUM

DATE: January 18, 2012

TO: Chairman Roy Bledsoe and Members of the
Loudon County Commission

FROM: Steve Field

RE: CY 2011 Update from the Loudon County Solid Waste Disposal Commission

Matlock Bend landfill accepted 237,061 tons during calendar year 2011 for a daily average of approximately 829 tons. Page 2 contains a tonnage matrix, detailing the monthly tonnages for calendar year 2011.

This report also includes an annual host fee payment from Santek Environmental of \$183,834.05 and a closure/post-closure payment of \$237,169.70, for a total annual payment to the Loudon County Solid Waste Disposal Commission of \$421,003.75

Santek Environmental monitoring technicians conducted required groundwater monitoring during 2011; no groundwater contamination was detected and no drinking water standards were exceeded.

The landfill received monthly inspections by The Tennessee Department of Environment and Conservation inspectors. No "V2" issues were noted throughout the year and any "V1" issues were noted and corrected upon subsequent re-inspection.

Operations:

Our challenge remaining from 2010 was the slope failure which the landfill experienced in November of 2010. The Tennessee Department of Environment and Conservation placed the landfill under a Commissioners Order in December of 2010. I am very happy to report the order was lifted in December of 2011 after very hard work by Santek and the landfill employees.

Recycling Initiatives:

The LCSWDC works closely with Gordon Harless and would like to express our gratitude to Gordon and his efforts in operating the Convenience Centers. Gordon has made great strides in organizing the Centers making them more accessible to the citizens of Loudon County and taking in more types of recyclables (electronics, batteries, fluorescent tubes, white goods, etc.). Gordon's efforts with recycling not only generate revenue but save disposal cost and conserve landfill space. A summary of 2011 recycling is provided on page 2.

Financials:

The LCSWDC has just completed our FY 2011 Audit and we are happy to report there were no issues or findings by our auditor. A copy of the final audit will be forwarded to the chair, members of the commission, the mayor's office, the Loudon County Finance department and to our other stakeholders. One area which the LCSWDC will be watching closely is the rate of accumulating funds to accommodate the closure and post closure care of the landfill. Estimates included in our 2011 audit reflect a shortfall of \$281,000 based on the rate of airspace consumption vs. revenue. The cost for closure and post closure is estimated at \$3.4M. Our current balance with the Trustees office is in excess of \$2.1M and while the LCSWDC considers this potential shortfall a matter of concern we are not alarmed at this time. The expenditures required for this closure/post closure will not occur until the year 2032 or sometime beyond. The LCSWDC is taking measures to closely monitor this potential gap and will continue to keep our stakeholders apprised. We will be evaluating our options and work with Santek to arrive at a fee structure which works for our customers, Santek and our stakeholders.

Should you have any questions regarding this report, please don't hesitate to contact me.

Summary

Debt Management Policy

Loudon County, Tennessee

DRAFT

December 28, 2011
Introduction

This document provides a brief summary of the Official Loudon County Debt Management Policy, adopted by the Loudon County Commission on December 5, 2011. Additional details are contained in the Official Policy, which is the governing document. The County maintains the right to modify the Policy and may make exceptions to any of its guidelines at any time.

In managing its debt, the County intends to:

- Achieve the lowest cost of capital within acceptable risk parameters
- Maintain or improve credit ratings
- Assure reasonable cost access to the capital markets
- Preserve financial and management flexibility

The County will comply with all State and Federal laws and regulations dealing with the issuance and management of debt. All debt must be formally authorized by resolution of the County's Legislative Body. The County Mayor and Finance Director are responsible for ensuring compliance with the Policy.

Transparency

The following information will be provided annually to the County Commission and will be available to the public:

- Amortization schedules for each outstanding loan and predicted fund balances over the life of the loans
- Net debt per capita
- Net debt per capita as a percentage of income per capita
- Debt as a percentage of total assessed property values
- Percentage of debt with a variable interest rate
- County bond rating

The County's Audited Financial Statements will also be provided annually to the County Commission and will be available to the public.

Affordability

The County will consider the ability to repay debt as it relates to revenues available to service the debt. The County will consider various Debt Ratios and other benchmarks compared to its peers when analyzing its debt. Currently, some typical Debt Ratios of other Tennessee counties are:

- Net Debt Per Capita -- \$1000 -\$2000 ((Average about \$1500)
- Net Debt Per Capital As A Percentage of Income Per Capita -- 2%-8% (Average 4.3%)
- Debt As A Percentage Of Total Assessed Property Values -- 3%-10% (Average 6.5%)

Interest Rates

- The County should give preference to debt that carries a fixed interest rate
- If variable interest rate debt is used, it shall not exceed 20% of the County's total outstanding debt
- Some circumstances which may result in issuing variable rate debt include high fixed interest rates, construction financing, short term debt, and variable revenue streams to service the debt
- The County will not enter into interest rate swaps or other derivative instruments

Debt Structure

Term

Debt should be for issued for a period not to exceed the economic life of the asset being financed. In no event will the term exceed forty years.

Term of the debt shall be determined by the economic life of the assets financed, conditions in the capital markets, availability of revenue streams to service the debt, and other budgetary obligations

Debt Service Structure

Debt issuance shall be planned to achieve relatively level debt service or level principal amortization

The County shall avoid the use of bullet or balloon maturities unless there are exceptional circumstances as determined by the Legislative Body

Call Provisions

In general, debt should include a call feature no later than 10 years from the date of delivery of the bonds

Refinancing

The County may refinance outstanding debt when it is in its best financial interest to do so

Credit Enhancement

The County may purchase bond insurance when such purchase is deemed prudent and advantageous

Debt Types

Security Structure

The County may issue General Obligation Bonds supported by its full faith, credit and unlimited taxing power

The County may issue Revenue Debt supported exclusively with revenues generated by a project

The county may use Capital Leases to finance projects

Duration

Long Term Debt will not be used to finance current operations or normal maintenance, but may be utilized to finance long economic life assets

Short Term Debt may be utilized for: financing short economic life assets; construction of long term projects; interim financing; temporary funding of operational cash flow deficits

Lines of Credit shall be considered as an alternative to other short term borrowing options

Interfund Loans shall only be used to fund operational deficiencies among accounts and shall be paid back from current fiscal year revenues

Methods of Issuance

Competitive sale

The County's debt may be offered in a public sale and the debt will be awarded to the bidder providing the lowest true interest rate

Negotiated Sale

The County's debt may be sold through a negotiated sale with an underwriter or group of underwriters if it is determined to be the best method of sale

Private Placement

The County's debt may be sold through a private placement. Such placement shall only be considered if it is demonstrated to be advantageous to the County

Financial Advisor(s)

As needed, the County may select a Financial Advisor(s) to assist in its debt issuance and administration processes

Any Financial Advisor(s) shall enter into a written agreement(s) with the County

Any Financial Advisor(s) or their firm(s) may not bid on an issue for which they are providing advisory services

CERTIFICATE OF ELECTION OF NOTARIES PUBLIC

As Clerk of the County of Loudon, Tennessee, I hereby certify to the Secretary of State that the following were elected to the office of Notary Public during the February 6, 2012 meeting of the governing body:
