During the open discussion period, Miss Sheila Millsaps, one of the members of the Troop, made a presentation concerning the Troop's concern as to littering, road-side dumps, and other pollution-type problems throughout the County, and suggested that the County consider Dempster-Dumpsters or other types of collection containers to be spread throughout the County. The Troop was advised that the County had a committee which was considering these type containers, but no final decision had been made as yet inasmuch as there were some problems in the use of the containers, as well as it being a tremendous expense to operate such a program.

JENKINS HOLLOW
(BROWDER HOLLOW)
"WASH-OUT"

Mr. Arthur Wallace of Jenkins Hollow Community (Browder Hollow Road) was present concerning his bridge having washed out during the flood, and he was assured that the County Road Department and Civil Defense through special disaster relief programs were trying to do everything possible to alleviate this condition.

"RABIES CONTROL"
STUDY COMMITTEE

The possibility of the institution of a joint Cities-County "Rabies Control" program had been suggested by the City of Loudon, and after discussion it was moved by Squire Conner, seconded by Squire Hudson, and unanimously approved that the County Judge appoint a committee to work with committees from any of the Cities and Towns in Loudon County toward the possibility of establishing a Rabies Control or similar type dog contraol program in Loudon County.

He further reported that he had been in negotiation with officials from the State Comptroller's office and the State Board of Equalization concerning continuing the gains made last year in the TVA In-Lieu-of-Tax payments as a result of the lawsuit, and that it appeared that the County should be able to have at least the same amount of money coming from this source during the coming year, notwithstanding the passage of "Question 3".

PLANNING COM. REPORT:

FISCAL PLANNING
PROGRAM

Mr. Dave Booher, Staff Advisor to the Loudon County Planning Commission, reported that the Fiscal Planning Program preliminary report had been printed and copies were in the hands of the Quarterly Court and the Planning Commission, with the hope that the matter could be considered for adoption at the May meeting of Quarterly Court. It was then moved by Squire Williams, seconded by Squire Blair, and unanimously approved by all Squires present, with the exception of Duckworth who voted no, that the Loudon County Legislators be requested to have the State Legislature to pass the proposed Private Act, attached to these minutes as Exhibit E, and that it be returned to the Quarterly Court for ratification, it being specifically included in the motion that the recommended Act be modified so that the Chief Deputy would not be a part of the Merit System, would be appointed directly by the Sheriff, and whose term would expire when the Sheriff's term expired.

RESOLUTION OF THE QUARTERLY COUNTY COURT OF LOUDON COUNTY
URGING SUPPORT OF THE PROPERTY TAX STABILIZATION ACT OF 1973

WHEREAS, property tax rates in Tennessee have gone up 40% in the past five years, resulting in a property taxpayers revolt and a demand for relief; and,

WHEREAS, the yearly cost of all Tennessee county and city government increased from \$749 million in 1966 to \$1,309 million in 1971; and,

WHEREAS, the Local Property Tax Stabilization Act of 1973 would mean \$8.00 per capita in new money for each county government and \$5.00 per capita for each municipal government; and,

WHEREAS, the Local Property Tax Stabilization Act of 1973 would mean \$194,169 in new money for Loudon County and \$54,626 in additional new money for the cities of this County; and,

WHEREAS, local governments are being required by State law to finance programs initiated by the General Assembly and local governments will be further required to increase revenues to finance programs heretofore financed by the Federal Government because of the cutbacks in federal programs ordered by the President; and

WHEREAS, the property tax is the major source of revenue available to local governments and local governing bodies have no choice except to turn to the property tax when additional revenues are required thus increasing the property tax burden on the average citizen; and,

WHEREAS, the State of Tennessee enjoys a surplus in excess of \$100 million and an annual excess revenue of \$141 million; and,

WHEREAS, the Local Property Tax Stabilization Act of 1973, by returning a small portion of the sales and gasoline taxes to the counties and cities where it was collected would relieve the crushing burden of property taxes on the homeowner, farmer, businessman and wage earner; and,
