TENNESSEE STATE PLANNING OFFICE

EAST TENNESSEE REGION

MEMORANDUM

TO: Judge William H. Russell and Members of
the Loudon County Quarterly Court
FROM: Steve Campbell, Principal Planner
DATE: November 3, 1975
SUBJECT: GENERAL REPORT AND RECOMMENDATIONS OF THE LOUDON
COUNTY REGIONAL PLANNING COMMISSION

The Loudon County Regional Planning Commission met in regular session on October 16, 1975, and considered the following requests:

1. Recommended the rezoning of parcel 83, Tax Map 29, from A-2 Rural Residential to C-2, General Commercial; property located in the Second District on Highway 11 near the Justice Center and owned by David Moats. A public hearing has been scheduled for the December meeting of county court and action on the request should be taken at that time. Staff also recommended that the area near the Justice Center be reviewed for additional rezonings in the near future.
2. Approved a proposed mobile home park to be developed by Mr. Ted Wampler and located on Hines Valley Road, parcel 7, Tax Map 16. The proposed park received Health Department approval and met all of the requirements of the Loudon County Zoning Resolution.
3. Recommended the acceptance of the road in the Blair Bend Subdivision Unit #1 as a

Exhibit C

public road subject to the approval of the county road engineer. Action is not required on this request until road engineer Tom Davis has approved the road.

4. Adopted revised Subdivision Regulations. Copies of the regulations are available in the office of the Loudon County Building Commissioner.
5. Heard monthly reports from Road Engineer Tom Davis and Building Commissioner Jack Henry.
6. Voted to commend Tom Davis for his service to the county regarding inspections of construction and materials in connection with roads and bridges being built in the county by the Tennessee Valley Authority.
7. Heard status reports presented by staff regarding proposed water line extensions by the City of Loudon; community development proposals by Loudon and Lenoir City; the Lenoir City "201" study, and information concerning highway reclassifications by the Department of Transportation as presented by Randy McGill.
8. Recommended that a portion of Parris Drive be closed as requested by Mr. J. W. Wilburn. This request requires county court action.

LOUDON COUNTY DEPARTMENT OF EDUCATION

P. O. Drawer D
Loudon, Tennessee 37774

TO: Loudon County Court
FROM: Superintendent of Schools
SUBJECT: Reports for November Session

GENERAL REPORT

Community Education - This term we have four non-credit classes in session and these have been well recieved by the citizens of Loudon County. We hope to offer an even broader program during the winter months. This program will contain both credit and non-credit classes. The committee which the County Court created on Education and Culture has been invaluable in assisting this program from its beginning. I wish to thank the Court for its far-sightedness in creating this group to assist the educational efforts in Loudon County.

Vocational Education - The Governing Board for Vocational Education has reorganized and is beginning preparations for the expanded vocational program to be offered in the new facility. Construction is behind schedule according to the latest report due to lack of necessary building materials. The Board anticipates being in the new school by September of 1976.

School Maintenance - The new county-wide maintenance team has been providing excellent service to the county schools. Unfortunately, we are still trying to "catch up" in several areas, but the crew is working to solve problems which have existed for a number of years. Those of us in the school system truly appreciate the efforts of all involved in the maintenance operations.

Building Program - Today I am meeting with people from Barber & McMurry to begin the necessary steps to provide cost estimates on the building program. As soon as these estimates are completed the Board of Education can finalize their proposals for the County-wide building program. Randy McGill has been assisting the Education Department in attempting to locate State and/or Federal funds to assist in this program. The more we can accomplish initially, the better our position to deal with the other phases of this long-range (5 year) program. We hope to be ready to present the program to the County Court for its consideration prior to the first of the new year.

L.T.V.E.C. REPORT

The L.T.V.E.C. is working with school officials in Loudon County to try to establish a Center for Special Education at the New Providence location. We hope to be operational by fall of 1976. The New Providence location is ideally situated because of I-75 and the Sugar Limb Connector which provide easy access to this facility for students from Monroe County and Lenoir City school systems.

LOUDON COUNTY LAW ENFORCEMENT AGENCY

GENERAL REPORT

November 3, 1975

The Loudon County Law Enforcement Agency held its regular monthly meeting on Thursday, October 16th at 9:00 A.M. at the Loudon County Justice Center.

The dedication ceremonies for the Justice Center were discussed and a meeting of the Law Enforcement Agency will be held this week to discuss the final plans.

The alarm systems used by local merchants have created some problems and the dispatchers have been instructed to notify merchants each time an alarm sounds. Hopefully the maintenance on the alarms will be improved.

A recommendation was made to install a night barrier in the hallway so that civic groups could continue using the courtroom for meetings without jeopardizing building security.

Remember that the dedication ceremonies will be held on Wednesday, November 12th at 1:00 P.M.
