Special Called Meeting of Loudon County Commission
Public Hearing for Notice of Intent to Exceed Certified Tax Rate of \$1.52 for Loudon
County TCA 67-5-1701 in a Reappraisal Year

My name is Aileen Longmire. I am a lifelong resident of Loudon County and a county taxpayer. The taxes on our property and home have risen substantially over the years with each new appraisal. We have made no new additions or improvements to our home.

I have attended County meetings for many years and questioned many of their choices on behalf of taxpayers. The fact that reappraisals in Loudon County are done more often (every 4 years) when many surrounding counties are every 5 or 6 years has meant that I have had to pay higher taxes in a shorter time frame, a quicker turn around.

When attending these meetings I have also learned of the huge amount of money that has been borrowed or shuffled from one account to another by the county leaders over the years. County Executive/Mayor George Miller is the Chief Financial Officer for the County and also serves on the budget committee and many times as the Chair Person. I have stated that in my opinion this is a conflict of interest. He hired Nancy Richesin as the County Budget Director approximately 20 years ago. Is this too much control with no checks and balances over public money? When I would ask what the debt for the county was, Miller would always say for me to ask Richesin. I had MUCH difficulty getting financial information from Richesin and many times was unable to get ANYTHING at all. The only number I was ever given for County debt was \$16 or \$17 Million Dollars. There was no PUBLIC monthly financial statement given by Miller or Richesin at County Commission meetings. Since Richesin (who was paid a salary and perks that I believe the county could have hired a Certified Public Accountant to take care of the County Financials) left the position December 2004 I have been told by a public official that the County debt is substantially higher, approximately \$30,500,000.00 with pay off thru (6-30-25) \$45,832,872.00.

In February 2002 there was a bond swap of \$12,500,000.00, January 2003 a \$5 Million Dollar line of credit was approved at a special called meeting of County Commission and there has been several other transactions since these dates. Where has all this money gone? June 29, 2005, approval was sought from Division of Finance in Nashville for the issuance of tax anticipation notes in the amounts up to \$2,500,000.00 to meet the operational cash flow needs of the County. The County's Rural School Debt Service Fund had this adequate balance to allow issuing in-house notes, in other words robbing Peter to pay Paul. If the schools have these funds to lend, why is there any need to raise taxes? There have been many budget amendments of late for various departments that have been approved by County Commissioners and some have been for large amounts of money, where is management and why can't they stick to their budgets?

I am opposed to any tax increase. We need better stewards of our public monies. Above I have mentioned only a few of the financial issues that I am aware of and I am sure there

are many more. I, as a taxpayer of Loudon County am requesting that an independent complete comprehensive financial audit that looks at every receipt, expenditure, grant money, fixed assets and everything be done. It is my opinion that when Richesin left the financial position and another took over the job that an independent audit should have taken place at that time. The State does a yearly financial report of counties and their bookkeeping standards but does not look at everything in detail. I believe that we need that now in Loudon County before we are asked to pay more taxes.

This is a public hearing and I am requesting that this statement be made a part of the official record of this meeting.

Thank you,

Aileen Longmire Loudon County Taxpayer
